FOR RELEASE MONDAY, OCTOBER 22

Participants in the Rocky Mountain Regional Conference of the National Science Teachers Association in Missoula are in for a busy weekend judging by the schedule of special events announced by Dr. R. A. Diettert of Montana State University, conference chairman.

In addition to a full program of conference sessions and sectional meetings Friday and Saturday, tours to points of interest in and around Missoula have been arranged for the conferees, Dr. Diettert reports.

Friday's schedule offers tours to the Van Evan Plywood Manufacturing Co. at 4 p. m., the new Health-Science building at MSU at 8 p. m. and the Waldorf-Hoerner Paper Products Co. at 9 p. m. Dr. William Myers, acting chairman of the MSU Mathematics Department, will give a lecture for conferees at the MSU Planetarium at 10 p. m.

A presentation on "Ferro-Magnetic Domains and Wave Motion" by the Mountain States Telephone Co. Saturday from 10 a. m. to noon in room 11 of the Liberal Arts building will be of particular interest to chemistry and physics teachers, Dr. Diettert noted. Teachers visiting the exhibit will receive classroom kits, he said.

Other special events Saturday are tours to the U. S. Weather Bureau at 1:30 p. m., the linear accelerator in the MSU Physics Department at 2 p. m., the U. S. Forest Service Fire Laboratory and Smoke Jumping Center at 7 p. m., and the American Crystal Sugar Refinery at 8 p. m.
